

Group Facilitation Skills

Three day workshop

We are pleased to offer this **professional development opportunity** for staff and volunteers who want to further develop their skills to facilitate a range of groups including; support groups, volunteer groups and skills education groups within the workplace or in community settings.

Topics covered

- Adult learning styles and how to cater for difference within a group
- Creating session plans for your group
- Setting safe boundaries which allow participants to gain the maximum benefit from the group
- Setting group objectives
- Group dynamics — how to deal with difficult situations and different personalities within the group. How to make the group positive for all participants
- Dealing with conflict in groups
- Review communication skills and how to apply to groups
- Lunch, morning and afternoon tea included
